# MARKET FOR 3D/AR/VR PRODUCTS

- The virtual and augmented reality market is one of the fastest growing market, will reach \$150-162 billion (> mobile market) by 2020 (*BusinessInsider.com, Techcrunch.com*)

# MARKET FOR 3D/AR/VR PRODUCTS

Timeline for business opportunities arising from VR/AR

- The market is shifting from **hardware** to **software & services**, from VR-AR video games to **VR-AR integrated** in daily life.

## PRODUCT CONCEPT

- Our team has been making 3D/AR/VR and mix-reality contents for various purposes: real-estate, business marketing etc.

We think that AR/VR can go further  
than just business & marketing...

# INTRODUCTION TO HOLOCARE

An innovative platform for medical consultation and diagnosis based on AR/VR/Mixed-Reality

# PRODUCT CONCEPT

- We team-worked with doctors from neurosurgery department, Saint-Paul hospital in Hanoi to help them in some difficult tasks: **holding a consultation, diagnosing and choosing the best solution** for the surgical treatment.

# PRODUCT CONCEPT

- Conventional consultation and diagnosis:
  - Usually based on 2-D X-ray radiograph.
  - Requires the attendances of many doctors at the same location.
  - Not convenient to share knowledges and experiences

*Conventional consultation using 2D X-ray radiograph*

## Holocare's AR/VR application in neurosurgery, Saint-Paul Hospital, Hanoi

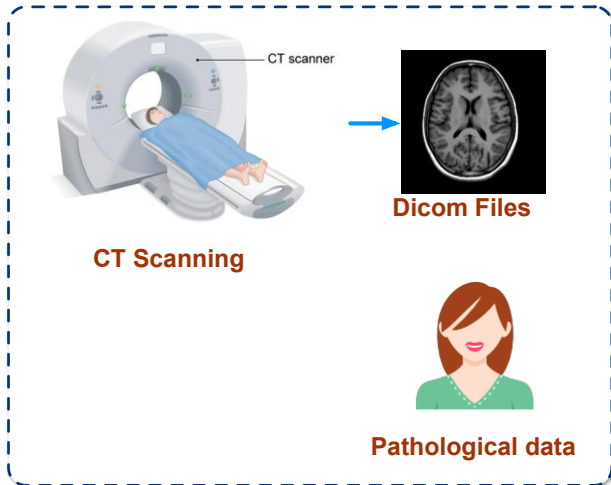

I feel like stepping into another world

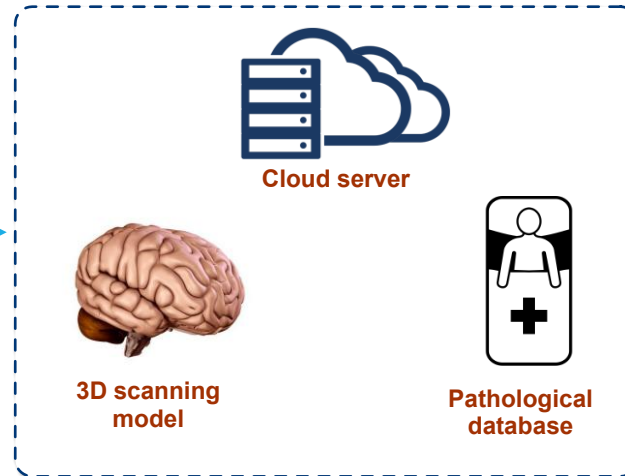

Converting a Dicom scan from CT scanning machine to use with AR/VR glasses

# BUSINESS MODEL

## HOSPITALS

## HOLOCARE CLOUD PLATFORM

Doctor's feedback

## HOLOCARE SOLUTION

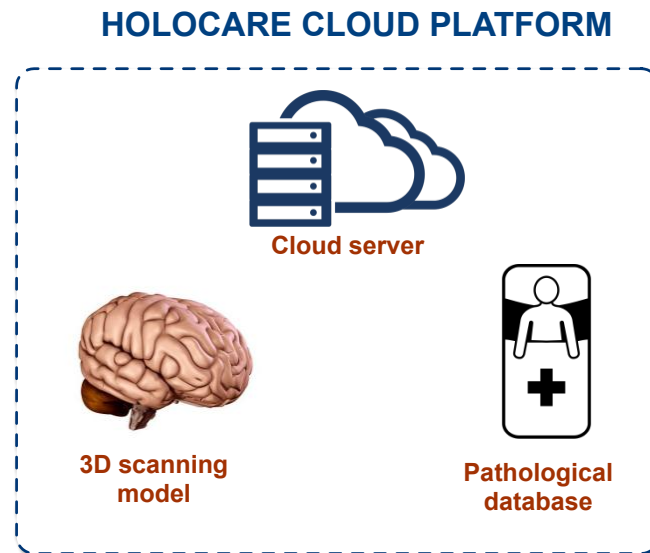

## DOCTOR'S CONSULTATION AND DIAGNOSIS

# BUSINESS MODEL

Google collects user's data to improve their services.

Holocare uses patient's pathological data to create a global database.

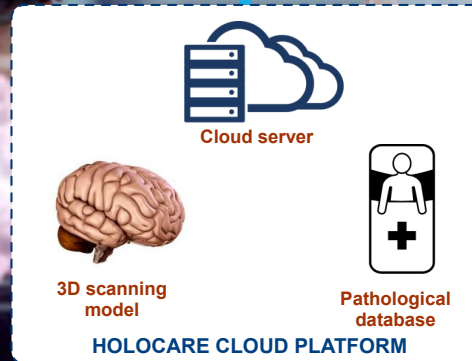

Using machine-learning, the platform can help improve diagnosis accuracy and help share knowledges across the globe.

# HOLOCARE MARKET

Knowledge sharing

Distanced-consultation

Medical education

Visual-assisted surgery training

OUR PLATFORM CAN HELP SIGNIFICANTLY  
IMPROVE HEALTHCARE SERVICES AND  
CONTRIBUTE TO OUR SOCIETY

# OUR TEAM

One team one dream
